

## Meet Your Neighbors

### 1 Prayer

Pray for other Christian neighbors you can connect with and partner in reaching your neighborhood. Meet with them and discuss vision.

### 2 Meet

Be intentional and purposeful by placing yourself where your neighbor is at. Ask questions to find common interests. Give them your contact information.

### 3 Invite

Invite them over for coffee or dessert. Follow up on common interests. Offer to open up your home again and let them know they can call you if needed.

### 4 Follow Up

Don't be creepy... but follow up with information they've previously shared. Ask if they have anything you can pray for them about.

### 5 Connect

Pray for their requests and let them know you've been praying. Connect them with other Christians in your neighborhood by hosting a get-together.

### 6 Share

Intentionally invite them over to share your testimony with them. Offer up the opportunity to have a conversation about their questions. Share and listen.

### 7 Disciple

If they began a relationship with Jesus, begin the discipleship process. This can be through a Bible study you do together or using materials FSBC can provide.
